FISCAL DIVISION MEMORANDUM NO. 10

Distribution of Information and Instructions

After July 1, 1945, all types of information and instructions will be transmitted to the Area Fiscal Offices through the Washington Fiscal Division.

Any issuances that require additional interpretation or information will be accompanied by the necessary Fiscal Instructions.

Copies of Budget and Finance Circulars, GAO Regulations, Treasury Regulations, etc., containing information that should be incorporated in the Fiscal Instruction Manual will be classified and numbered according to subject matter before they are transmitted to the field. This material will be furnished in sufficient numbers so that a copy may be inserted in each Fiscal Instruction Manual. Additional copies of Budget and Finance Circulars will be supplied to be filed numerically in a Budget and Finance Circular file, which will be kept separately for reference purposes.
